Administration / Faculty

Mt. Everett Is a New School

After implementing the Odyssey program in September, 1991, we moved into the newly constructed high school in March, 1992. With greater classroom space, an excellent auditorium, four computer labs, a fine gymnasium, a well-equipped media center and library, nicely groomed grounds, and other advantages, we assume a new pride in our school.

Hard work and good conditioning brought a relatively young squad far this year. Overall, the Eagles continue to develop as a unit, as a team, and as a tough individual competitors.

Congratulations to the Class of 1993

"It is not enough to have a dream,
Unless I am strong to do it.
It's not enough to join the crowd,
To be acknowledged and accepted;
I must be true to my ideals,

Even if I'm left out and rejected.
It's not enough to learn the truth,
Unless I also learn to live it;
It's not enough to reach for love,
Unless I care enough to give it."
